New Cut Scores on MEAP and MME

Please take note of the three articles attached to this newsletter pertaining to the ways cut scores or cutoff scores separate test takers into various categories such as Advanced, Proficient, Partially Proficient, and Not Proficient.

The information attached also explains what it means to be 'Proficient' on the MEAP or the MME as well as identifies 5 Things Parents need to know about MEAP and MME tests.

Welcome to Denise Sandison

We're happy that Denise Sandison has agreed to provide for the school additional and much needed administrative assistance on behalf of Lakeshore Educational Management [LEM]. Denise, as head of LEM, has already been providing Concord excellent service for five years as the official employer for most of the school's staff. She will be working at the school one day a week as well as working on additional administrative projects from home for a total of 16 hours per week.

Help Need

We are in need of someone with a truck to haul 10-15 straw bales to the school, so our children can safely sled down the hill at recess. Please see Mr. Hill if you can volunteer for this project. Thank you for your assistance.

Winter Break

Friday, **February 17th** students will not have classes as teachers will have an in-service day.

Concord Academy will be closed Monday, **February 20th** and Tuesday,

February 21st
