

LeaAnne Montel

1st and 2nd grade

After growing up in Indiana, where I went to college and then Cosmetology school, I married and moved to Orlando, FL and worked at Disney World as a hair and makeup artist for 10 years. That was my 1st career. It wasn't until after having my 5 children that I decided to return to school to get my teaching degree. My 5 children are grown now and I have 5 grandchildren as well.

In my spare time I love working with local theater groups doing hair and makeup and occasionally appearing onstage. I also love gardening in the summer and reading and baking when the weather gets cold.

I have been teaching for seven years now and love being with kids and helping them learn! I feel right at home at Concord because my two youngest daughters attended here for elementary school so I'm thrilled to be back in the Concord family!
